Multi-Chambered frame and sash provide increased rigidity and energy efficiency

Heavy duty, fusion welded construction for a strong, weather tight seal

Maintenance free vinyl will not peel, flake or corrode, therefore never needs painting

Hardware features simple unobtrusive designs and is color coordinated to blend with the window

Warm Edge ENERGY STAR® insulated glass

Vent latches allow for partial ventilation

Grilles are sealed inside the glass for easy cleaning.

True slope sill prevents water from building up in the sill and leaking into the home

Tilt in sash for easy cleaning from inside the home
